# The “magic” as it appears on your screen

## Statement and Declaration of Truth “Affidavit”

of ‘**Sam Sol**’  
and/through the living man we are incarnated into:  
‘**John Peter**’, of the tribe/family/house/clan “**Smith**”,  
believed to be, and thus acting as, the beneficiary and principal for the deceased estate at law  
“**JOHN PETER SMITH**” et alia

Purpose (occupation): **Galactic Emissary**  
Current Place/Address: Planet known as “Earth”  
Contact Address: c/o **Unit 1, 100 Princes Highway**, the town known as “**Kogarah**” on the land  
known as “Terra Australis” in the “state” known as “**New South Wales**” [2000]

Made the date known as:  
the **twenty-sixth** day of the month of **June**  
in the year of God Almighty known as “**Two-thousand-and-twenty-two**”

The grey shaded words are the key to using magic to alter the template into your very own. It works with LibreOffice. If you are using other word processors, use the find and replace option to fill in your details and watch each change carefully.

Remember for the “magic” to activate you double click on the shaded word/s. This will now open the Edit Fields box which looks like this. If you click on the first important part “ your Soul name” This is how you replace your chosen name. Sol name is whatever you like. Some have chosen their nickname, pen name etc

Once you have entered your name to replace the templates name, you have achieved the magic if your name now appears in replacement and remains shaded in grey as the original was.

To be removed from your current template are the following. Annexure A; Annexure B; Annexure E; Annexure H and Annexure I. To do so replace the options in reverse so they move upwards or rename the Annexures in the following. If you have downloaded a version with these removed, the same application can be done to add or remove 'Annexures' or paragraphs.

You may still include the previous methods and links if you choose, note there have been some issues and one site has been unable to send through finalization of your record. Which has hindered some people from completing their Affidavit.

Disclaimer: Please excuse the full stops in this guideline. Usually if you see full stops in a document or letter, you stop reading there. So all other points or statements under this are irrelevant. You may benefit from reading the available "Manual of Styles" books and in particular research the terms 'dog latin' and the 'glossa'.

Currently as of August in the year known as 2023 the following Annexures will be obsolete from Affidavits as there are now alternatives to 'recording' your details in a court of record through 'The Peoples's Court of Terra Australis'. If you have the previous Annexures you can still include them if you wish to do so.

## “Why is it important to have this Affidavit”?

You want an Affidavit because if you don't have an affidavit in their system, you don't exist in their system. That's because the only thing that exists in their system is a “fictional name” your “capitalled lettered name or your surname” because that's how they have created these trust accounts. Refer to Fraud videos on the website. If you don't have a presence in their system they will only treat you as the “fiction”, they can't treat you as a 'living man or living woman'. This will now give you protection from them committing what is called “personage” or for matters in court it is called “barratry” if they treat you as a fiction.  
(Taken from above video recording)

### *Details of date of you being born*

Spelt-out day number of date of you being born	fourteenth
Spelt-out month of date of you being born	July

The word 'Birth' should be avoided once you have learnt the hidden meaning. It leads to the 'fiction'. The following have been

amended on an updated lighter version of the template. Feel free to re- label other documents you are required to fill in your details. Or create your own template using theirs as a sample.

### *Your Birth*

Spelt-out day number of your birthday	fourteenth
Spelt-out month of your birthday	July

## Blood type

You use to be able to go to a Pathology centre and request your 'Blood Type', they analysed a sample and would give you a card. I suggest if you have children go and get your doctor to help and say one child is doing an assignment on their family tree and blood groups. However this step can be removed if you have a fear of needles.

**What does this document do for you the 'living man and/or the living woman'?**

**This 'Statement and Declaration of Truth' (more commonly known as an "Affidavit") forms your safety net as you unplug from the system. Just fill in your details in the first few pages "The Magic", and you'll get this document, written from the highest authority there is (your soul, a part of God)**

This is not the only useful template, there are more in development all the time and you can find the one that you may need on the website.

Before you commence editing your very own Affidavit I suggest you purchase a designated USB to keep this file and all other templates on it for ease of printing at 'printing store'. This will also ensure your online 'privacy and security'. This will also come in handy to store your templates for future use and to store the online available dictionaries and statutes, you will definitely be referring to several times from now on.

I encourage you to research the new terminology you are learning and catch up on past recordings on the channel mentioned previously.

Great idea if you want to work on it offline or remotely. Even your very own backup as there may be attempts to remove our access to learning. You may even attempt to download the best videos as a resource.

At the end of this guide I have included a Reference section including a Glossary to help you on your way of learning lore folks.

Once you start editing your own document, rename the file to be your very own.

Rename the file (use “Save As”) so you know which version is yours and not the original blank template – for example, change the filename from ‘Freedom Affidavit Template’ to Freedom Affidavit – Tilly. This makes it so much easier when there are more than one of you on board and working on their own individual Affidavit in the household using one computer / USB.

Also remember to press the disk icon or “save” the document frequently, you don’t want to restart the entire document if the power goes out. Or your computer refuses to do what you are telling it to do.

**(Click to jump to the relevant section)**

This will work once you manage the “magic” correctly. All you do is where you enter your own details you can click on one section and it will jump you to the section it is mentioned. For example lets say you want to review your Annexure B, click on that shaded word and you can then you will see the page with the Annexure B.

Click on the part you wish to jump to, let's say Annexure “B”

Annexure “A” - Visual Image

Annexure “B” - Schedule of Fees

Annexure “C” - PCTA Fictitious Name

Annexure “D” - PCTA Living Status

Annexure “E” – PCTA Motor Transfer

Your Flag

Which would jump you to here

**Annexure “B”**

**Schedule of Fees for Remedy**

### **A platform to stop paying rates, fines, and registration fees**

Once your Affidavit has not been rebutted in 28 days you are then able to start responding to any of the above with a vast array of templates to put an estoppel, Script for being pulled over, from Notice of Conditional Acceptance to Miffeasance etc.

Refer to the website and download the template you need, or all of them onto your USB. ### Usage Instructions

While these instructions may be lot to read, however investing the time to read this section will be beneficial for you. How long will it take? How long is a piece of string. Every piece of string may be different.

If you're upgrading to the latest version of this document, **don't copy/paste** your way into a reformatting nightmare – just redo steps into a blank/fresh template. Enter Your Details and Review and Edit – it will be way faster!

Once again rename file and use 'save as' and perhaps add a date

That's if your printing shop, Australia Post and the JP are under ten minutes drive from you, so add transit time if required

2 trips to the print shop (5mins the first time, and 45mins the second

time);

2 trips to Australia Post (pretty fast, just queuing time); 1 hour with the JP

JP has to sign and date every page

Each step in this section has a checkbox that you can tick off to mark your progress if you wish off your printout

If you didn't just download this from visit the page now

<https://thepeoplescourtofterraaustralis.org/affidavit/>

Download the latest version of this template Watch the original walk through video and view the second recording from August 2023. This one is found alongside the actual download within the website.

## Download and install LibreOffice

It's free, open source, works just like Microsoft Word and Excel, as it handles the document automation tricks making this template easy.

Rename the file (or use "Save As") so you know which version is yours and not the template – for example, change the filename from "Freedom Affidavit Template" to "Freedom Affidavit – Tilly"

Note that for your privacy, this document can be edited offline, because it is entirely self-contained and makes no connections outside itself. Which mean the hyperlinks are not connected.

## Enter Your Details

You might also have to fix up the formatting here and there. Be careful to use the same capitalisation, punctuation and spacing as the examples given, however to reduce errors for our *Find and Replace* people, we've added an "x" at the end of some fields to make them unique, so just make sure your new value doesn't have the "x"

If you can't complete a section or are not sure of what it requires, I suggest you **highlight** the area and come back to it. Don't let that part stop you from getting further ahead. Any information we don't know simply write in 'not known' as in paternal/maternal grandparent names, if applicable enter 'unknown'. There is no need to panic, just answer with what information you do know. As you are affirming to this with this document that this, "is the truth" as you know it to be.

# Entering your details into 'magic'

look for this option, then drag the highlighting across the words or section you need to come back to. Reverse this step to remove, before final printing stage.

Select text to highlight

- To undo reverse the steps and choose "No Fill" as the color

It is now time to gather your images, relevant certificate numbers and have them ready on your USB ready to upload as required.

### How to copy and paste and why do we need to:

Lets say that you have more than one known fictitious name; whether you have changed your name by “Deed poll”, by ‘marriage’ or ‘marriages’, even by ‘adoption’. These collective names and aliases all lead to more fictitious “Cestui que vie” trust accounts. You may also have more children you wish to include in your Affidavit to cover them. So these may be two instances where you may need to copy and paste paragraphs or text boxes. Note: this may alter the paragraph numbers. This can be avoided by entering more blank lines between paragraphs prior to copy and pasting sections.

### Review and Edit

1. Add your family flag and/or crest at the top of page 1 (of the actual Affidavit Template,) and your photograph at the top right (right-click on the image and select “Replace”)

your flag

and photo

then find your images to insert them into position. Feel free to format and configure how big you would like each to be, prior to printing you may also use the Print preview option to see how each page, especially this one will look.

It will now look like this

## Statement and Declaration of Truth "Affidavit"

of 'Sam Sol'  
and/through the living man we are incarnated into:  
'John Robert', of the tribe/family/house/clan "Smith",

# Notes

## Highlighting

2. If you find the “field shading” (usually grey) distracting, you should be able to hide them in your editor’s View menu, but if you can adjust to reading the document with the fields still shaded, you’ll find it a lot easier to skim past the repeated clauses like “We, the soul...” +
  - a) Don’t worry, the field shadings don’t show when printed, highlighting does.

of ‘Sam Sol’  
and/through the living man we are incarnated into:  
‘John Robert’, of the tribe/family/house/clan “Smith”,

3. Review and edit paragraphs 34 (DNA copyright) and 70 (fictitious name registrations) if required
4. If you’ve added/removed annexures, update these at the end of paragraph 117 (not this may change if paragraphs altered)
5. Update paragraph 118 with your custom number plate, or remove the paragraph

Remember this is an “identification plate” not a “registration plate”

When deciding on a plate number, you might wish to confirm that it’s unique by using your state’s equivalent of myplates.com.au, where you buy a gov- corp custom plate

You can order “novelty number plates” in Australia from eBay for about \$35, delivered inside a week (buy two of course)

You can mock up an image of your identification plates at Mr Plates or Pimp My Plate which you can copy/paste into paragraph 118

Later when you get your plates: Remove the government plates, don't just stick your plates on top Keep the government plates and if they ask, tell them you're keeping the plates as evidence in a case of fraud

6. Note that if you delete a paragraph, the links to subsequent paragraph numbers will change, and of course any links to the deleted paragraphs will then say "Error: Reference source not found" which is expected
7. If you have children, update paragraph with your children's names
  - a) Edit "loins/womb" as appropriate for your gender
  - b) If you don't have children, just remove the second half: "including but not limited to ...(*children's names*)... and all variations of such"
8. Review and edit section Re: The "Soul", the relevant paragraphs if your metaphysical beliefs differ
9. If you live outside Victoria, replace "VICTORIAN GOVERNMENT" in paragraphs 90 and 91 to one of the following:
  - a) "THE NORTHERN TERRITORY"
  - b) "QUEENSLAND"
  - c) "AUSTRALIAN CAPITAL TERRITORY" and/or "THE AUSTRALIAN CAPITAL TERRITORY"

10. If you live in NSW, SA, WA, or Tasmania, there's no equivalent 'Nonc', 'Nret' entity for your state, so just delete paragraphs 90 and 91, because you're already covered by paragraphs 92 and 93. You can double check this by searching for your state in Illion (Dun and Bradstreet) then filtering down to Nonc and Nret

**Note that if you do this before the other edits above, the paragraph numbering will change**

11. In **Annexure "C" – Visual Image of the Living Being:** replace the images with three different visual aspects of yourself, for example a passport photo, a side profile, and a professional "work" photo
12. In **Annexure "D" – Schedule of Fees for Remedy:**
  - a) Replace the image at the top left with your flag (right-click on the image and select "Replace") refer to example above where the flag and photo were inserted into the document in step 1.
  - b) Optionally, replace the court seal at the top right with your own court seal

## Pets

By this stage you have become familiar with the ins and outs, you may now wish to add your pets, we may even include livestock in a future revamp.

Once again go the Book of Deeds and select the Record of animals.

## Ordering your stamp

Try Officeworks or the following, there are a few options online.

<https://www.addprintrubberstamps.com.au/category/common-seals/common-seal-jp-certification-stamps>

Stamps **Red is public** notary of kingdom and Stamps **Purple is the man**

**Red is public

## Prepare and Print

Find a Justice of the Peace or three witnesses who have known you for twelve months

Look for a dedicated JP stand (eg: at your local shopping mall) as hopefully they'll have nothing better to do than initial all your pages of affidavit

You'll often find a pharmacist who is a JP too, but they'll be rushing about trying to serve customers so you'd better warn them that they will need to initial all the pages.

If you are using a JP, edit the First Witness autograph block to remove the line that says they've known you for 12 months, and remove the Second Witness and Third Witness autograph blocks refer to following visual instructions.

cut out the part that states "I have known the deponent for at least 12 months' most people would unlikely know their JP well enough to say this was true. This is how it would then look.

# Excess Witness removal from document

Then you would cutout the second and third witness if you were going to get the JP to certificate.

Imagine you highlighted a line and accidentally pressed a key and instead of highlighting, you deleted the line. How can you fix it, if you can't remember what it said?

You will see that the line you highlighted has now been erased. Did you know if you make a slight mistake, you are able to take a step back, usually the back arrow on the taskbar above in the word processor application.

You can also use COMMAND + Z or CTRL + Z . Have a look online for special shortcut keys that can save you time and stress for your specific platform whether Android, Apple or Windows

For Apple users some commands are not the same as Windows but keep an eye out for this symbol when you open the drop down tabs on top taskbar for this symbol. You will notice there are capital letters beside this symbol you see in the key above.

You may get used to using this command key and the letter. This is another form of shortcuts that will be useful in your creative writing journey.

# Notes

# Find and replace

An alternative to using Libre Office, and this option still comes in handy, it allows you to find a word, date, name etc and replace it if you need to do so. It also permits you to “Jump” from on part to another. Note it will continue to find all equivalents to what you want to find and replace throughout the document until the last word. Just press enter to go on to next and you can opt not to change anything either. Just monitor what buttons you press and what words you enter.

You can still use the Command /control Z function or the back arrow seen on the menu bar. I suggest you save the file prior to any changes you may not have attempted to do, then you do not run the risk of making an error. It is a way for you take a step back in time when needed. Also if we have brown outs, blackouts you can recuperate most of document as you have progressed. Nothing worse than losing an hours effort for one simple step to save continually as you go.

Here are various representations of Find and replace for you to have an idea of what you are looking for to change the fields in the template as you go. If you are unable to use Libre to fill in the Affidavit.

# Printing

1. Get a printing shop like Officeworks to cut down a ream of A3 paper to foolscap size, or do it yourself if you have a guillotine cut the whole ream down to size and store neatly into the original packaging. You will also now have two different strip lengths of paper to turn into note paper. Apparently some print shops are refusing to cut down to 'foolscap' so you might just prepare in advance and have the dimensions ready for them to follow and cut down to size.

- a) The tricky bit is that there's quite a few sizes of foolscap when you do an online search. However the only thing we need to do is make sure we're not using A4 as it is considered the corporate world's copyright.
- b) This document is formatted for "Traditional British" foolscap size (203x330mm / 8x13") but you can easily enough change the page size before printing. If your budget is tight, you can also trim off some of the top or the side of A4 paper, or cut the corners off, this also allows you to use paper from your "kingdom" not a size that is 'copyrighted'.
- c) While you're there, you might also want to buy a stamp-pad of red ink, if you don't already have one, for your fingerprint (unless you prefer to use your own blood)

2. Print just the affidavit and annexure pages on your freshly cut foolscap paper or alternative size.
  - a) **Print in colour** (not black and white) **so it comes out in purple like you see on the screen. Copies are ok to be done in black and white.**
  - b) No need to include the instruction/helper pages and the last page (cover letter) in your affidavit
  - c) And don't print the cover letters at the end just yet – you'll only want to print those for your state, and you'll probably want to change to A4 paper for them
3. Practice your new “autograph” (signature) for your soul and your living man/woman (just your given names, no surname)

## Annexures

1. Assemble the complete document with all the annexures (if you're missing any document just click the link):

- a) The title page for each annexure links to the paragraph where it's referenced
- b) Work your way through the following checkboxes (one for each annexure except "C" and "D" because they're already included):

If you don't already have a copy of the annexure, click the link to generate it Print the annexure and insert it after the relevant title page

### Annexure "A" – Visual Image of the Living Being

In the space at the bottom right: **Autograph your given names** (no family name) **in red pen**. Put your combined autograph (all in the same spot):

**Autograph your soul name in purple pen**

**Autograph your given names in red pen over the top of this**

Add your **fingerprint in red ink (or blood sample)** over the top of both then add your private stamp over the top of it all. You can execute all documents similarly

### Annexure "B" – Schedule of Fees for Remedy

Add your combined autograph to the **bottom of the last page in purple (soul)** and **red (living man/woman)**, with your private stamp and thumb print over them

### Annexure "C" – Claim and Copyright of Fictitious Name

[thepeoplescourtofterraaustralis.org](http://thepeoplescourtofterraaustralis.org)

### Annexure "D" – Declaration of Living Status

[thepeoplescourtofterraaustralis.org](http://thepeoplescourtofterraaustralis.org)

### Annexure "E" – Motor "Vehicle" Registration

[thepeoplescourtofterraaustralis.org](http://thepeoplescourtofterraaustralis.org)

If you have certificates from other sources, go ahead and add them

**Number all the Annexure pages in purple pen at the bottom as "X of Y" where: X is the page number (the title page of Annexure A will be page number 1) Y is the total number of annexure pages including title pages**

## Registered Mail

2. Go to the post office and buy enough prepaid envelopes to send to each recipient. Get the large red+orange ones that are registered mail with tracking. You'll need the larger envelopes because you'll exceed the maximum thickness on the small ones. Buy in packs of 10 because they're cheaper, and you'll use the spares soon enough. As a guide, 2 packs of 10 envelopes cost around \$145.

Another alternative is to purchase in bulk, your local postal outlet may have them or you can order them in store or online. A “Box of 50 Registered Post Prepaid Labels” are currently available for around \$204 (approx. \$4 per label), this entitles you to use the labels on any size envelope and the “Registered Post fee has been prepaid. Postage is not included. You can now buy any bulk envelope package to suit your needs. Just remember certain size envelopes can contain a certain thickness. So I recommend the larger document size envelopes for the Affidavit and document mailing.

If you are going to a JP may I suggest you also obtain at least 20 copies of your ‘Birth Certificate’ to use as “certified copies” which are then known to be certified “true” copies of the original. Never hand in your original, you may not get it back, it may even land in a shredder. Original certificates are getting harder to source. Take care of them.

On a zoom it was mentioned someone put their PO BOX as a location address this is how to write it.

Example **PO box 125 Kew, Victoria 3189** we write:

**125/(street number of the post office)high street, town known as "Kew", Land of Terra Australis ["Victoria", "3189"]**

You may also take note of above and get used to writing your address in the same way in correspondence. Note on various zooms it has been also written as Terra Australis only.

**numerical street number with street or road , town known as "Kew", Terra Australis ["State", "postcode"]**

## Execute

1. Take your unautographed affidavit, with annexures, to your JP or witnesses.

a) Bring a **red ink pad or a sharp pin to produce a little blood for your fingerprint**

b) Write down the following two steps on a post-it note to remind you want to do when you get there

In front of your JP or 3 witnesses, execute the document:

**Autograph your soul name in purple pen** in front of your JP or 3 witnesses.

**Autograph your given names** (no family name) **in red pen**

**Add your fingerprint in red ink** (or blood sample) **as the seal**

Never fill out anything in BLOCK LETTERS or sign in **blue pen (corporate)** or **black pen (dead)**

If only using Justice of the Peace then JP will have to sign and date every page

2. Optional: If you wish your affidavit to be filed and sealed – email your signed and witnessed copy to  
Info@thepeoplescourtofterraaustralis.org

a) A signed, sealed and filed copy will be emailed in return

3. Optional: Send the sealed copy plus the signed and witnessed original to yourself by registered mail but do not open it

a) Regardless, file it away somewhere safe

## Distribute via mail or in person

1. Print a cover letter for each intended recipient
  - a) You'll find these on the last several pages of this document, grouped by state
  - b) Just print the letters for your state, plus the letter to the Attorney-General right at the end
  - c) If you intend to copy your original witnessed affidavit onto A4 to send to these guys, you'll probably want to print the cover letters on A4 too
  - d) Or, if you've got plenty of Foolscap paper, and you want to make the document harder for your beloved recipients to process, you can choose to copy your original onto Foolscap, in which case you'll probably want to print the cover letters on Foolscap too
    - Just check that it fits into your envelopes first – remember there's also a maximum thickness for certain envelope sizes
2. **Autograph the cover letters with your soul name in purple pen**
  - a) You can also overwrite this with your living being (given names) in red if you like
3. Print the notice on the last page, cut it out and display it on the rear window of your car, laminated if you prefer
4. Visit the print shop (such as OfficeWorks) again, and get them to:
  - a) Scan the fully executed and witnessed document
    - You can't do this at home unless you have an A3 scanner
  - b) Make enough black & white A4 copies to match the cover letters that you printed, plus a few spare to carry in the car
    - Make your copies from the sealed version if you opted for that
  - c) It's much easier to get them to do it for you, but as a guide, 14 copies of 66 pages plus the digitised scan cost \$165 at \$0.15/page for the copies, and \$0.40/page for the scan (at time of writing)

5. Send out your copies (never the original) with their respective cover letters via registered mail with tracking

- a) Keep the receipt(s) of postage
  - b) Keep the tracking numbers, I suggest you have a Journal/exercise book to record all incoming and outgoing mail with dates and details to keep track of when to respond.
  - c) Track the delivery and when all have been delivered/served make a copy of the tracking web page and keep it in your file as confirmation all have been served
6. Optional: Personally serve a physical copy at the police station and any other gov-corp office that you wish, then email a scanned copy to their general enquiries address saying that it has been served on officer ... at station ... at time ...
- a) For further evidence, make a video recording of yourself while serving
7. **Mark twenty-eight [28] days later in your calendar as the date when your affidavit becomes effective if unchallenged**
- a) **If there is no challenge within 28 days, under their legislation, and as a Maxim of law, your affidavit now stands as truth in Law**
  - b) If you get any replies, the only valid responses will be quite thick envelopes, because they have to rebut each point individually
8. Please send through any suggestions to improve this template to [info@thepeoplescourtofterraaustralis.org](mailto:info@thepeoplescourtofterraaustralis.org)

## Family Tree

I suggest you grab a piece of paper and draw out your immediate family tree. You need to have handy the names of grandparents and great grandparents paternal and maternal. This helps establish your clan details you will need to fill in the tables which generate the info into the document. Once again don't worry if you can't find them, just state 'unknown'. Some Birth certificates actually label some of these names, but not great grandparents. I found my great grandma's worm name on my grandma's certificate. So see if you can take a photo of your parents and grandparents certificates, these are good to have for your own library of information. You can save them onto your USB and make a folder for 'Family Lineage'

# Notes

## The Magic

1. Double-click on each field on the right side of the table below to edit them
2. Every instance of that phrase will update throughout the entire affidavit – find and replace should not be required
3. In the rare case that the fields are not updating, try one of these fixes:
  - a) Pressing the F9 key
  - b) Look for an “Update Fields” item in your menu
  - c) Save and close the document, and open it up again
  - d) Open it in LibreOffice as per step 7
4. Be careful to use the same capitalisation, punctuation and spacing as the example

**Many people have asked regarding “*Your name*” this refers to Your Given Names on the day in which you were born. So that is ‘how did your biological creators call you on the day your maternal biological creator’s water broke. What was your original appellation.**

Refer to above mentioned recording.

Note: if you choose a gender pronoun, you are now a fiction. This can be referenced by identifying which one of two possibilities of pelvic bone you were born with. Male and female pelvises differ because they serve different functions in each specific gender.

The Definition of terms have mainly been extracted from the Affidavit to get you on your way to building your vocabulary and terminology. They are not set out in the usual alphabetical order, rather in the order of appearance and some extra terms thrown in that are often asked during weekly zooms.

Try to collect some law PDF's for your own use, we may be uploading these into our proposed Educational Resources tab on the website also. Even Style manuals and other dicitonaries.

Once again may I suggest you add to your learning and follow on with more terms, online dictionaries and perhaps more relaxing viewing of educational and eye opening videos. A starting list is attached previously under Web viewing. We hope you have enjoyed your learning and don't find yourself to far down a rabbit hole with Alice or down the yellow brick road with your own straw man.

Note. Some hints of sayings and novels have been included as Easter Eggs in this guide. You might catch on after a couple of weeks of active learning as to what such nonsense means. Thank you for joining us.

Some fun from the Author and a huge thank you to the following:

Mr Obtuse Triangle, The Gympie Mob with Mac Man, Editor in Chief the truth Goddess, Diamond my visual editor, The Piña colada Superheroes family, The great Gandalf beard, Mr Fixit, the big bad Coyote, Lightning Bolt, and a special thanks to H&L for highlighting a need to prepare this workbook, aimed for all the visual learners so we can knuckle down now and get as many Affi's completed and ready. A big thank you to all those involved in writing the original document/s that are paving the way to freedom.

Note a lite version of the Affidavit has been prepared. Look out for it as Freedom Affidavit 5A.odt with only 5 annexures.
